

NextCure to Host Virtual Oncology Pipeline Update Event on November 15, 2021

November 1, 2021

BELTSVILLE, Md., Nov. 01, 2021 (GLOBE NEWSWIRE) -- [NextCure, Inc.](#) (Nasdaq: NXTC), a clinical-stage biopharmaceutical company committed to discovering and developing novel, first-in-class immunomedicines to treat cancer and other immune-related diseases, today announced that the company will host a Virtual Oncology Pipeline Update Event at 4:30 p.m. ET on Monday, November 15, 2021.

During the event, NextCure will provide an update on its oncology pipeline, including data presented at the Society for Immunotherapy of Cancer's (SITC) 36th Annual Meeting.

The event will also feature Roy Herbst, MD, PhD, Ensign Professor of Medicine (Medical Oncology) and Professor of Pharmacology; Director, Center for Thoracic Cancers; Chief of Medical Oncology, Yale Cancer Center and Smilow Cancer Hospital; Associate Cancer Center Director, Translational Science. Dr. Herbst will highlight the significant remaining unmet need in the treatment of lung cancer.

The event will be available via conference call and webcast. To listen to the call, please dial:

US/CANADA Toll-Free Dial-In Number: (877) 665-6632

International Dial-In Number: (602) 563-8471

Conference ID: 9661718

A live webcast of the event will be available through the Investors section of the company's website at www.nextcure.com. A replay of the webcast will be available approximately two hours after the event and archived on the website for 30 days.

About NextCure, Inc.

NextCure is a clinical-stage biopharmaceutical company committed to discovering and developing novel, first-in-class immunomedicines to treat cancer and other immune-related diseases. Through our proprietary FIND-IO™ platform, we study various immune cells to discover and understand targets and structural components of immune cells and their functional impact in order to develop immunomedicines. Our initial focus is to bring hope and new treatments to patients who do not respond to current cancer therapies, patients whose cancer progresses despite treatment and patients with cancer types not adequately addressed by available therapies. <http://www.nextcure.com>

Cautionary Statement Regarding Forward-Looking Statements

Statements made in this press release that are not historical facts are forward-looking statements. Words such as "expects," "believes," "intends," "hope," "forward" and similar expressions are intended to identify forward-looking statements. Examples of forward-looking statements in this press release include, among others, statements about NextCure's plans, objectives and intentions with respect to the discovery of immunomedicine targets and the discovery and development of immunomedicines. Forward-looking statements involve substantial risks and uncertainties that could cause actual results to differ materially from those projected in any forward-looking statement. Such risks and uncertainties include, among others: our limited operating history and no products approved for commercial sale; our history of significant losses; our need to obtain additional financing; risks related to clinical development, marketing approval and commercialization; and the unproven approach to the discovery and development of product candidates based on our FIND-IO platform. More detailed information on these and additional factors that could affect NextCure's actual results are described in NextCure's filings with the Securities and Exchange Commission (the "SEC"), including NextCure's most recent Form 10-K and subsequent Form 10-Q. You should not place undue reliance on any forward-looking statements. NextCure assumes no obligation to update any forward-looking statements, even if expectations change.
