

NextCure to Give Two Presentations at Society for Immunotherapy of Cancer Annual Meeting

October 4, 2024 at 9:05 AM EDT

BELTSVILLE, Md., Oct. 04, 2024 (GLOBE NEWSWIRE) -- [NextCure, Inc.](#) (Nasdaq: NXTC), a clinical-stage biopharmaceutical company committed to discovering and developing novel, first-in-class and best-in-class therapies to treat cancer, today announced two presentations at the Society for Immunotherapy of Cancer (SITC) annual meeting, to be held in Houston, TX from November 6-10, 2024. NextCure will share pre-clinical data from LNCB74 (B7-H4 ADC) and biomarker data from NC410 combination study with pembrolizumab in ICI-naïve MSS/MSI-L CRC during poster sessions.

Poster Presentation Details:

Title: LNCB74 is a B7-H4 antibody-drug conjugate with a β -glucuronide linker-MMAE payload system to enhance therapeutic index in B7-H4 expressing cancers

Lead Author: Shannon M. Kahan

Abstract Number: 1051

Session Date & Time: Friday, November 8, 2024, 5:30 – 7:00 PM

Title: NC410 in combination with pembrolizumab improves anti-tumor responses by promoting collagen remodeling and tumor immunity in advanced ICI naïve MSS/MSI-L colorectal cancer (CRC)

Lead Author: Alina Barbu

Abstract Number: 632

Session Date & Time: Saturday, November 9, 2024, 7:10 – 8:30 PM

About NextCure, Inc.

NextCure is a clinical-stage biopharmaceutical company that is focused on advancing innovative medicines that treat cancer patients that do not respond to, or have disease progression on, current therapies, through the use of differentiated mechanisms of actions including antibody-drug conjugates, antibodies and proteins. We focus on advancing therapies that leverage our core strengths in understanding biological pathways and biomarkers, the interactions of cells, including in the tumor microenvironment, and the role each interaction plays in a biologic response. <http://www.nextcure.com>

Cautionary Statement Regarding Forward-Looking Statements

Statements made in this press release that are not historical facts are forward-looking statements. Words such as “expects,” “believes,” “intends,” “hope,” “forward” and similar expressions are intended to identify forward-looking statements. Forward-looking statements involve substantial risks and uncertainties that could cause actual results to differ materially from those projected in any forward-looking statement. Such risks and uncertainties include, among others: our limited operating history and no products approved for commercial sale; our history of significant losses; our need to obtain additional financing; risks related to clinical development, including that early clinical data may not be confirmed by later clinical results; risks that pre-clinical research may not be confirmed in clinical trials; risks related to marketing approval and commercialization; and NextCure's dependence on key personnel. More detailed information on these and additional factors that could affect NextCure's actual results are described in NextCure's filings with the Securities and Exchange Commission (the “SEC”), including NextCure's most recent Form 10-K and subsequent Form 10-Q. You should not place undue reliance on any forward-looking statements. NextCure assumes no obligation to update any forward-looking statements, even if expectations change.
